

2022 National Robbery Conference

The National Robbery Conference (NRC) is hosted by the Colorado Association of Robbery Investigators (CARI), a 501(c)(3) organization of federal, state, and local robbery investigators as well as retail and bank security managers. It is important to note that CARI does not charge membership dues to encourage as many investigators as possible to become involved.

The conference will be held June 8th to June 10th, 2022, at the recently renovated Hythe, a Luxury Collection Resort, Vail (formerly known as the Vail Marriott Mountain Resort) in Vail, Colorado.

The National Robbery Conference attracts investigators from throughout the United States, Canada and Australia and is an ideal advertising venue for investigative vendors, security vendors and police supply retailers.

Corporate donations are a worthwhile investment in our communities by funding investigative training and networking, ultimately leading to reductions in violent crime, safer and more secure neighborhoods, and an increased sense of well-being among residents.
